ACES School of Electromagnetics

applied computational
ACES
electromagnetics society

October 13-16, 2023

Registration: https://aces-society.org/emschool

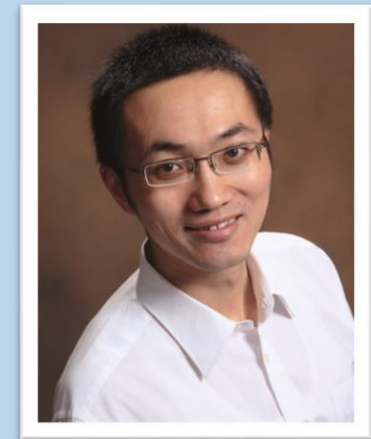

Luis Gomez
Purdue University
Computational Methods for Analysis of Brain Stimulation and Signals

Bo Liu
University of Glasgow
Artificial Intelligence Techniques for Design Optimization of Microwave Antennas

Maokun Li
Tsinghua University
Application of Deep Learning Techniques in Computational Electromagnetics

- Free Admission for All ACES Members,
- Lectures will be live streamed via Zoom
