

School of Electromagnetics

February 7-9, 2025

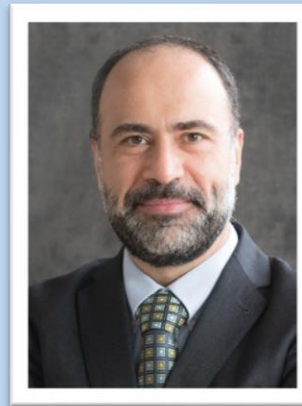

Registration: <https://aces-society.org/emschool>

Cynthia Furse

University of Utah

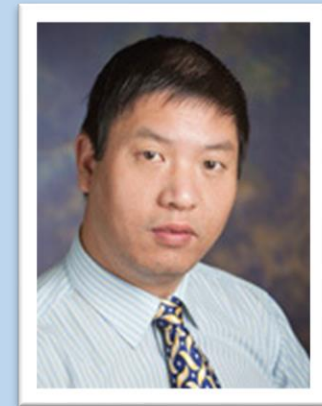

***Variation Caused by Variability
in Tissue Properties Using the
Stochastic FDTD (S-FDTD)
Method***

Nader Behdad

University of Wisconsin-Madison

***Compact HF Antennas:
Fundamental Design
Considerations and Elementary
Antenna Types***

Meisong Tong

Tongji University

***A Novel Meshless Method for
Solving Electromagnetic
Problems***

- Free Admission for All ACES Members,
- Lectures will be live streamed via Zoom
