applied computational
ACES
electromagnetics society

School of Electromagnetics

September 26-28, 2025

Registration: https://aces-society.org/emschool

C.J. Reddy
Altair Engineering
Antenna Modeling and Simulation Techniques: Full-Wave and Asymptotic Solvers

Yahya Rahmat-Samii
University of California, Los Angeles
Nature-Inspired Designs: How Darwin, Bees, and Humans Drive Smarter Optimization (GA, PSO, BSO)

Alireza Baghai-Wadji
University of Cape Town
Self-regularized Method of Moments (SR-MoM): Zooming into Near Fields

Free Admission, Register at https://aces-society.org/emschool/
Lectures will be live-streamed via Zoom
