

School of Electromagnetics

March 9-10, 2024

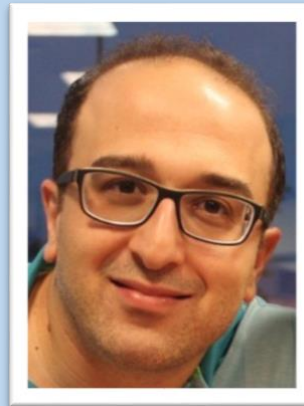

Registration: <https://aces-society.org/emschool>

Chao-Fu Wang

National University of Singapore

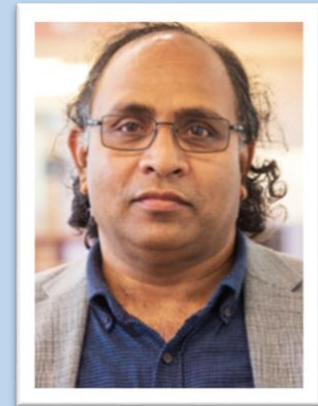

***Characteristic Mode Theory for
Lossless Objects and Its
Applications for Analyzing and
Designing Antennas***

Puyan Mojabi

University of Manitoba

***Introduction to
Electromagnetic Inverse
Problems***

Satish K. Sharma

San Diego State University

***Design and Development of
Beam Steering Antennas***

- Free admission for ACES members
- Lectures will be live streamed via Zoom
