

# School of Electromagnetics

**September 2024**

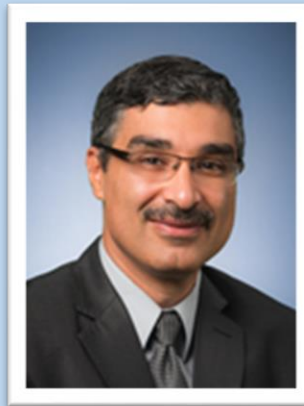

**Registration:** <https://aces-society.org/emschool>

**Vince Rodriguez**

*NSI-MI Technologies*

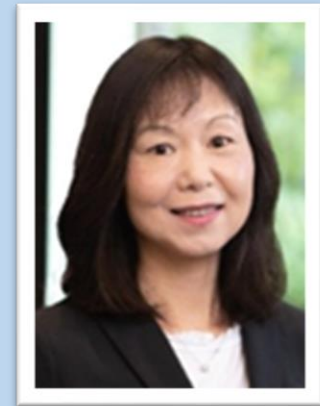

***Analysis and Design of  
Antenna Measurement Ranges***  
(September 27)

**Mohamed Bakr**

*McMaster University*

***Adjoint Sensitivity Analysis:  
Theory and Applications***  
(September 28)

**Dan Jiao**

*Purdue University*

***Fast Direct Solvers in  
Computational  
Electromagnetics***  
(September 29)

- Free admission for ACES members
- Lectures will be live-streamed via Zoom. All lectures are 120 minutes, starting at 4 pm EST.
